Untuk mengukuhkan lagi perkongsian dengan industri dan meneroka peluang bagi rakan sekerja, Unit Latihan dan Perkongsian Industri (TIP), telah membuat perbincangan dan lawatan pada hari Khamis, 22 Oktober ke Pusat Serbaguna Industri Makanan Laut Golden Corporation di Serabangun, Tutong. Industri memproses pelbagai makanan laut tersebut adalah kilang pertama di Brunei dengan kelengkapan teknologi moden terkini. Selain ternakan udang, GC juga membuat operasi pelaburan kapal dan penangkapan ikan laut seperti Tuna Sirip Kuning bermutu tinggi di kawasan zon laut yang lebih dalam. Ikan-ikan laut lain juga akan diproses dan menjadi produk tambahan seperti surimi dan makanan ikan.

To further strengthen industry partnership and explore opportunities for our associates, a meeting and tour was made on Thursday, 22nd October to Golden Corporation's multi-purpose seafood processing centre at Serabangun Industrial Park in Tutong. The processing centre is the first seafood processing plant in Brunei that is fully equipped with all modern technologies. Apart from farming shrimp, GC has also invested in fishing vessels capable of operating in deeper marine zone areas of Brunei. This allows GC to catch high grade Yellow Fin Tuna, as well as other marine fishes that can be turned into value added products such as surimi and fish meal.
