## TAHUKAH BISKITA (SIRI 1) DID YOU KNOW? (SERIES 1)

*From L – R: Hajjah Bte Haji Abdullah, Aidah Bte Duraman, Mariani Bte Haji Ahmad & Laminah Bte Haji Tamat*

Tahukah biskita yang kebanyakan kerja-kerja pemasangan karpet dan lantai (selain dari kerja-kerja pemindahan dan pegubahsuaian) dikawasan ruang pejabat kitani adalah dilaksanakan oleh wanita-wanita hebat ini?

Bermula dari membuat sukatan sehinggalah menghamparkan karpet dan memotongnya kepada segi-segi empat, sebelum memasangnya (termasuklah menunggu karpet sehingga kering) dan meletakkannya disetiap petak adalah dibuat sepenuhnya oleh wanita-wanita tersebut. Ini bermakna sepanjang proses pemasangan, kakitangan FM ini terpaksa berdiri, melutut dan membongkok bagi jangkamasa yang lama.

*Did you know, much of the carpeting and flooring (among other office movement and renovation-related works) that we will be walking on at the office soon, were done by these super women?*

*From measuring up our office, to rolling out the carpeting materials, and on to cutting them into square pieces before gluing (not to mention waiting for all the materials to dry!) and placing each and every one of those pieces, these ladies did them all. Which means throughout that time, the FM Team were standing, kneeling, and crouching for extended periods.*

### FAKTA BONUS I BONUS FUN FACT:

**Semua kerja-kerja pemasangan karpet hanya mengambil masa 10 hari untuk disiapkan. Boleh dikatakan wanita-wanita ini tahu bagaimana melakukannya dengan begitu baik, lancar dan sempurna.**

**All the carpeting work only took 10 days to complete! Safe to say that these ladies definitely know how to get things up and running fast.**

Ikuti edisi kedua dimana biskita akan mengenali sebahagian lagi wira-wira perkhidmatan pejabat yang hebat ini!  
*Stay tuned for the second half of this newsletter where you'll meet the other half of our office service heroes!*
