DISEBALIK TABIR WARNA WARNI AIDILFITRI

THE COLOURS OF AIDILFITRI - BEHIND THE SCENES

Warna-Warni Adilfitri anjuran Nexus yang diadakan minggu lepas telah melibatkan banyak persediaan dan tenaga kerja dengan setiap bahagian meletakkan yang terbaik dari segi hiasan, makanan dan pakaian. Namun disebalik kemeriahinan dan keceriaan, beberapa kumpulan kakitangan membuat kerja-kerja dibelakang tabir bagi memastikan penganjuran acara berjalan dengan lancar dan sempurna.

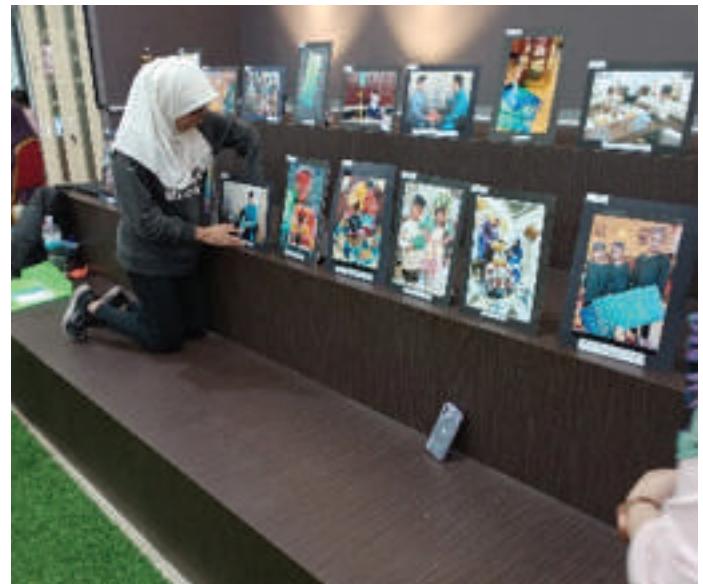

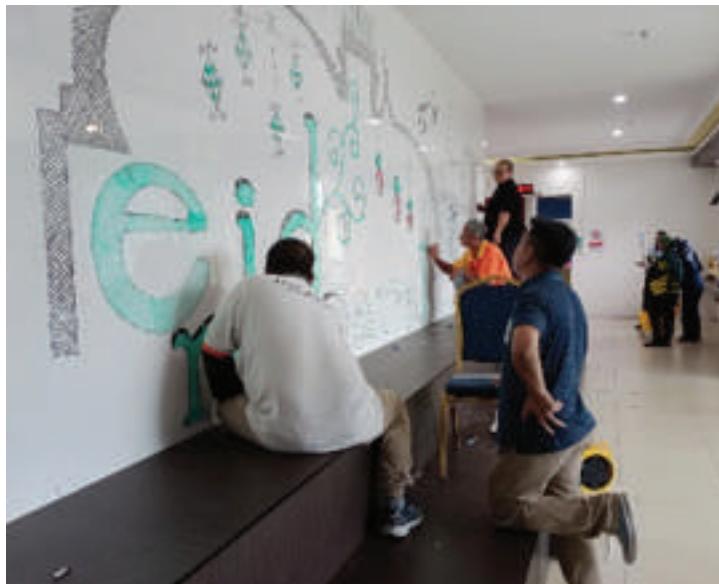

The colours of Adilfitri for Nexus last week involved a lot of preparations and manpower with every division putting up their very best in terms of decorations, food and costumes. However, despite the excitement, several groups of staff were doing their work behind the scenes to ensure the event was running smoothly and perfectly.
